Peachtree Baptist Church
Senoia, GA

Dear Praying Friends,

World Bible Translation Day

Fifty years ago in 1966 the US Congress established September 30th of each year to honor Bible translation. Since this is an enactment by Congress, no President can discontinue this special day. We would like to suggest that your church on a Sunday in September near to September 30th have a day thanking God for our gift of the King James Version 405 years ago and pray for God to raise up translators to give accurate translations in other languages in our world, and particularly languages in the former Soviet Union.

Ukrainian Translation

Of course, don't forget to pray daily for the team in the Ukraine as they check and control the completed Ukrainian New Testament. God willing, they want to do a trial edition of the four Gospels and Acts as early as possible in 2016. Pray for lead translator Yura Popchenko, Anya and Sasha, and the Ukrainian pastors who help proofread and make suggestions for this ongoing project.

Republic of Georgia Ministry

Rejoice that all of the funds for our first quarter of 2016 have been provided, and God willing, on January 4th we will wire the funds there.

Latvian Bible for 2016

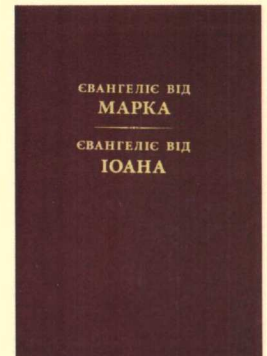

Also rejoice that through many monthly faithful givers and some large year-end gifts, we now have \$22,637.95 of the estimated need of \$147,400.00 for printing 20,000 copies of the 1,245-page complete Bible for circulation mainly in the public high schools throughout Latvia.

Thanks to You

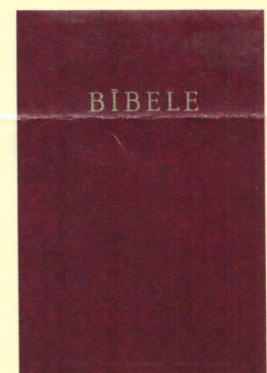

As we begin our seventy-second year of ministry, thank you for every prayer and every penny given to sustain and forward the work of the Russian Bible Society. Kindly find your enclosed receipt and note that it has been used 100% as indicated on your receipt.

Yours in His Glad Service,

Dr. Bob Doom, Director
